[REDACTED]

[REDACTED] FBIS does not consider this

unusual or improper as every aspect of the Agency's business has its decision level. The Grievance approval level was established by the IG not by FBIS and the approval level for personal property claims by the Military Personnel and Civilian Employees Claims Act of 1964, as amended. Management approval of the regulatory issuances would seem to impose requirements on FBIS that it must follow. FBIS is not in a position to eliminate inconsistencies; it can only bring them to the attention of the responsible office.
